# MAKING WAVES

We are blessed in Galway that we live on the shores of the Atlantic Ocean. To celebrate the arrival of the Volvo Ocean Race we invited fifty artists to show us what the sea meant to them. This exhibition is the result, a multi-media collection in an interesting variety of media and of scale and styles. It is a true celebration of the sea.

We see it in all its moods, as a great resource, as a source of enjoyment and fun, as somewhere to earn a living. It has inspired poets and painters for centuries. We hope this exhibition will inspire you.
